## Rate Identification Number - RIN

**USCA-SCSC-2400-0000**

In the future, you might use the Rate Identification Number (RIN) to program smart devices like smart thermostats, EV chargers, or energy management systems once the manufacturer has enabled its use. Once these smart device features are available, simply scan the QR code using the smart device app for setup. To learn more, visit [sce.com/helpcenter/rin](http://sce.com/helpcenter/rin).

## Things you should know

### Fixed Recovery Charge

SCE has been permitted to issue bonds that enable it to recover more quickly certain costs related to preventing and mitigating catastrophic wildfires. Your bill for electric service includes a Fixed Recovery Charge that has been approved by the CPUC to repay those bonds. The right to recover the Fixed Recovery Charge has been transferred to a separate entity (called the Special Purpose Entity) that issued the bonds and does not belong to SCE. SCE is collecting the Fixed Recovery Charge on behalf of the Special Purpose Entity.

### Micro-business Certification

Pursuant to CPUC D.10-10-032 and D.10-11-037, customers who meet the definition of a "micro-business" as defined by California Government Code Section 14837, may be rebilled for a maximum of three months rather than three years for an undercharge resulting from a billing or meter error. To learn more and what you can do to self-certify as a "micro-business" please call 1-800-990-7788 or visit us at [sce.com](http://sce.com).

### Your Delivery charges include:

- \$1,377.95 transmission charges
- \$8,395.78 distribution charges
- -\$1.34 nuclear decommissioning charges
- \$3,805.30 public purpose programs charge
- \$911.72 new system generation charge

### Your Generation charges include:

- -\$55.73 competition transition charge
- -\$2,815.17 power charge indifference adjustment (PCIA)

### Your overall energy charges include:

- \$228.38 franchise fees

### Additional information:

- Service voltage: 480 volts
