### Electronic check processing

Your check payment will be processed as a one-time Electronic Fund Transfer (EFT). With EFTs, funds may be withdrawn from your account the day we receive your payment. Your check will not be returned, but will appear on your financial statement.

Rates and applicable rules: Available at [www.sce.com](http://www.sce.com) or upon request.

### Past due bills

When is my bill past due? It is past due 20 days after the preparation date, which was 04/03/25.

- Reconnecting service that has been disconnected requires a Service Connection payment (non-residential only).
- Unable to pay: If payment arrangements were not extended to you by SCE pursuant to SCE's filed tariffs, you may contact the California Public Utilities Commission.
- For safety reasons, if service is disconnected, please ensure any sensitive or potentially hazardous equipment is unplugged on the day of reconnection. For additional home safety tips, visit [www.sce.com/safety](http://www.sce.com/safety) or call SCE at 1-800-655-4555.

### What is the Late Payment Charge (LPC)?

0.6% will be applied to the total unpaid balance if payment is not received by the due date on this bill (except for CARE and state agency accounts).

### What is a rotating outage?

Rotating outages are controlled electrical outages used to avoid widespread or uncontrolled blackouts. Your Rotating Outage Group number is located on page 1, upper left, of your SCE bill. Your rotating outage group number may change at any time. For more information, visit [www.sce.com/rotating-outage](http://www.sce.com/rotating-outage).

### What is the Power Charge Indifference Adjustment (PCIA)?

The PCIA is a charge to ensure that both SCE customers and those who have left SCE service to purchase electricity from other providers pay for the above market costs for electric generation resources that were procured by SCE on their behalf. 'Above market' refers to the difference between what the utility pays for electric generation and current market prices for the sale of those resources.

### Disputed bills

If you believe there is an error on your bill or have a question about your service, please call Southern California Edison (SCE) customer support at 1-800-655-4555. If you are not satisfied with SCE's response, submit a complaint to the California Public Utilities Commission (CPUC) at [www.cpuc.ca.gov/complaints/](http://www.cpuc.ca.gov/complaints/). The CPUC's Consumer Affairs Branch (CAB) handles billing and service complaints and can be reached by:

Telephone 1-800-649-7570 (8:30 AM - 4:30 PM, Monday - Friday)

Mail CPUC, Consumer Affairs Branch, 505 Van Ness Ave., Room 2003, San Francisco, CA 94102

If you have limitations hearing or speaking, contact the California Relay Service, which is for those needing assistance relaying telephone conversations. Dial 711 or one of the numbers below to be routed to a California Relay Service provider in your preferred mode of communication.

Type of Call	English	Spanish

Speech-to-Speech Relay	1-800-854-7784	1-800-854-7784

To avoid having service turned off while waiting for the outcome of a complaint to the CPUC regarding the accuracy of your bill, contact CAB for assistance. If your case meets the eligibility criteria, CAB will instruct you on how to mail a check or money order to be impounded pending resolution of your case. You must continue to pay your current charges while your complaint is reviewed to keep your service turned on.

### Definitions

- Baseline Credit: The baseline credit provides reduced electricity rates on electricity used up to the baseline allocation for the region that you live in.
- CA Climate Credit: Credit from state effort to fight climate change. Applied monthly to eligible businesses and semi-annually to residents.
- Wildfire Fund Charge: Supports the California Wildfire Fund which covers costs associated with catastrophic wildfires, including payment of bonds issued by the California Department of Water Resources (DWR)
- Public Purpose Programs Charge: Funds state-mandated programs for low income discounts, energy efficiency, renewable energy and R&D.
- SCE Generation: For recovering energy procurement and generation costs for that portion of your energy provided by SCE.

In the future, you might use the Rate Identification Number (RIN) to program smart devices like smart thermostats, EV chargers, or energy management systems once the manufacturer has enabled its use. Once these smart device features are available, simply scan the QR code using the smart device app for setup. To learn more, visit [sce.com/helpcenter/rin](http://sce.com/helpcenter/rin).

## Things you should know

### Fixed Recovery Charge

SCE has been permitted to issue bonds that enable it to recover more quickly certain costs related to preventing and mitigating catastrophic wildfires. Your bill for electric service includes a Fixed Recovery Charge that has been approved by the CPUC to repay those bonds. The right to recover the Fixed Recovery Charge has been transferred to a separate entity (called the Special Purpose Entity) that issued the bonds and does not belong to SCE. SCE is collecting the Fixed Recovery Charge on behalf of the Special Purpose Entity.

### Micro-business Certification

Pursuant to CPUC D.10-10-032 and D.10-11-037, customers who meet the definition of a "micro-business" as defined by California Government Code Section 14837, may be rebilled for a maximum of three months rather than three years for an undercharge resulting from a billing or meter error. To learn more and what you can do to self-certify as a "micro-business" please call 1-800-990-7788 or visit us at [sce.com](http://sce.com).

**NOTICE OF APPLICATION  
SOUTHERN CALIFORNIA EDISON COMPANY'S REQUEST TO INCREASE ELECTRIC RATES  
APPLICATION [A.25-03-001]**

**Why am I receiving this notice?**

On March 4, 2025, Southern California Edison Company (SCE) filed an application (A.25-03-001) with the California Public Utilities Commission (CPUC) requesting approval to sell SCE's Lower Tule Hydroelectric Project (the Hydroelectric Project) located in Tulare County, California (the Application) to Lower Tule Hydro LLC. In the Application, SCE seeks to increase its revenue by approximately \$32.7M. SCE has forecasted that the sale will save customers approximately \$17.4M when compared to the costs of continued operation and/or decommissioning.

If the CPUC approves SCE's request, it will affect your rates and bill.

**Why is SCE requesting this rate increase?**

- The Hydroelectric Project is not currently operational and is no longer necessary for SCE's generation needs.
- SCE will be paying the buyer a transfer payment upon closing as compensation for assuming the operation, maintenance and eventual decommissioning costs of the Hydroelectric Project as well as other project liabilities.
- This sale is the lowest cost option for SCE's customers when compared to the forecasted costs of the alternatives such as (a) repairing and continuing to operate the Hydroelectric Project and/or (b) decommissioning the Hydroelectric Project.

**How could this affect my monthly electric rates?**

If SCE's rate request is approved by the CPUC, the average residential monthly bill using 500 kWh per month would increase by approximately \$0.31 (0.2%) per month in the year following the close of the sale.

**CUSTOMER BILL IMPACT TABLE**

The projected rate increase described in this notice is a forecast and is likely to slightly change depending on the month and year in which the sale of the Hydroelectric Project closes.

**How does the rest of the process work?**

The Application will be assigned to a CPUC Administrative Law Judge who will consider proposals and evidence presented during the formal hearing process. The Administrative Law Judge will issue a proposed decision that may adopt, modify, or deny SCE's Application. Any CPUC Commissioner may sponsor an alternate decision with a different outcome. The proposed decision, and any alternate decisions, will be discussed and voted upon by the CPUC Commissioners at a public CPUC Voting Meeting.

**Contact the CPUC**

Parties to the proceeding may review the Application, including the Public Advocates Office. **NOTICE OF APPLICATION**  
**Southern California Edison Company Request to Increase Electric Rates**  
**APPLICATION A.25-03-009**

**Why am I receiving this notice?**

On March 14, 2025, Southern California Edison (SCE) filed an application with the California Public Utilities Commission (CPUC) requesting authorization to recover costs related to NextGen Enterprise Resource Planning (ERP) system.

SCE requests approval to recover \$1.162 billion of revenues over the 2025-2032 period related to its NextGen ERP system. SCE proposes to record the revenues in a two-way balancing account to allow for the recovery of NextGen ERP system-related costs, up to the amount authorized by the CPUC.

**Why is SCE requesting this rate increase?**

The proposed funding in this application is for replacement of SCE's core ERP system that has been in service for over 15 years and will soon be obsolete. This system is very complex and manages a vast amount of critical day-to-day information across SCE's most central processes that are necessary for SCE's business operations. Due to the lead time required to replace the core ERP system, and related software applications, SCE must begin taking the necessary steps for replacement now. Funding for the NextGen ERP system will also enable SCE to make cost-efficient upgrades to the ERP system. This will expand SCE's operational capabilities and enable business improvements that provide grid resiliency and customer benefits.

**How could this affect my monthly electric rates?**

If SCE's request is approved by the CPUC, the average residential monthly bill using 500 kWh per month would increase by approximately \$1.35 or 0.8% per month on average over the 2025-2032 period. The average CARE residential monthly bill with the same monthly usage would increase by approximately \$0.85 or 0.8% per month on average over the 2025-2032 period.

**BILL IMPACT TABLE**

<b>Bundled Average Rates (\$/kWh)</b>				
<b>Customer Group</b>	<b>Current Rates (3/1/25)</b>	<b>Proposed Increase</b>	<b>Proposed Rates</b>	<b>% Increase</b>
Residential	31.4	\$0.24	31.6	0.8%

CARE residential bill	\$109.92	\$0.85	\$110.76	0.8%

Based on estimated average annual revenue requirement increase of \$145.266 million during the eight-year program period from 2025-2032; assumes average usage of 500 kWh per month in baseline region 9, and excludes climate dividend (i.e., GHG credits).

**How does the rest of the process work?**

The NextGen ERP Application will be assigned to a CPUC Administrative Law Judge who will consider proposals and evidence presented during the formal hearing process. The Administrative Law Judge will issue a proposed decision that may adopt, modify, or deny SCE's application. Any CPUC Commissioner may sponsor an alternate decision with a different outcome. The proposed decision, and any alternate decisions, will be discussed and voted upon by the CPUC Commissioners at a public CPUC Voting Meeting.
